

Practica 2. Componentes y Contenedores

Nombre: Jose Rafael Ruiz Gudiño **Registro :**20110374 **Fecha:** 17/02/2

FlowLayout

BorderLayout

The screenshot shows an IDE window titled "Practica 2. Componentes y Contenedores - ComponentesContenedores.java". The code in the editor defines a `JComboBox` with a list of colors and sets its bounds. The application window, titled "Componentes y Contenedores 20110374", displays a GUI with a menu, a text area, a text field, a button, and a list. A dialog box titled "Saludo" (Greeting) is shown in the foreground, displaying the text "BorderLayout".

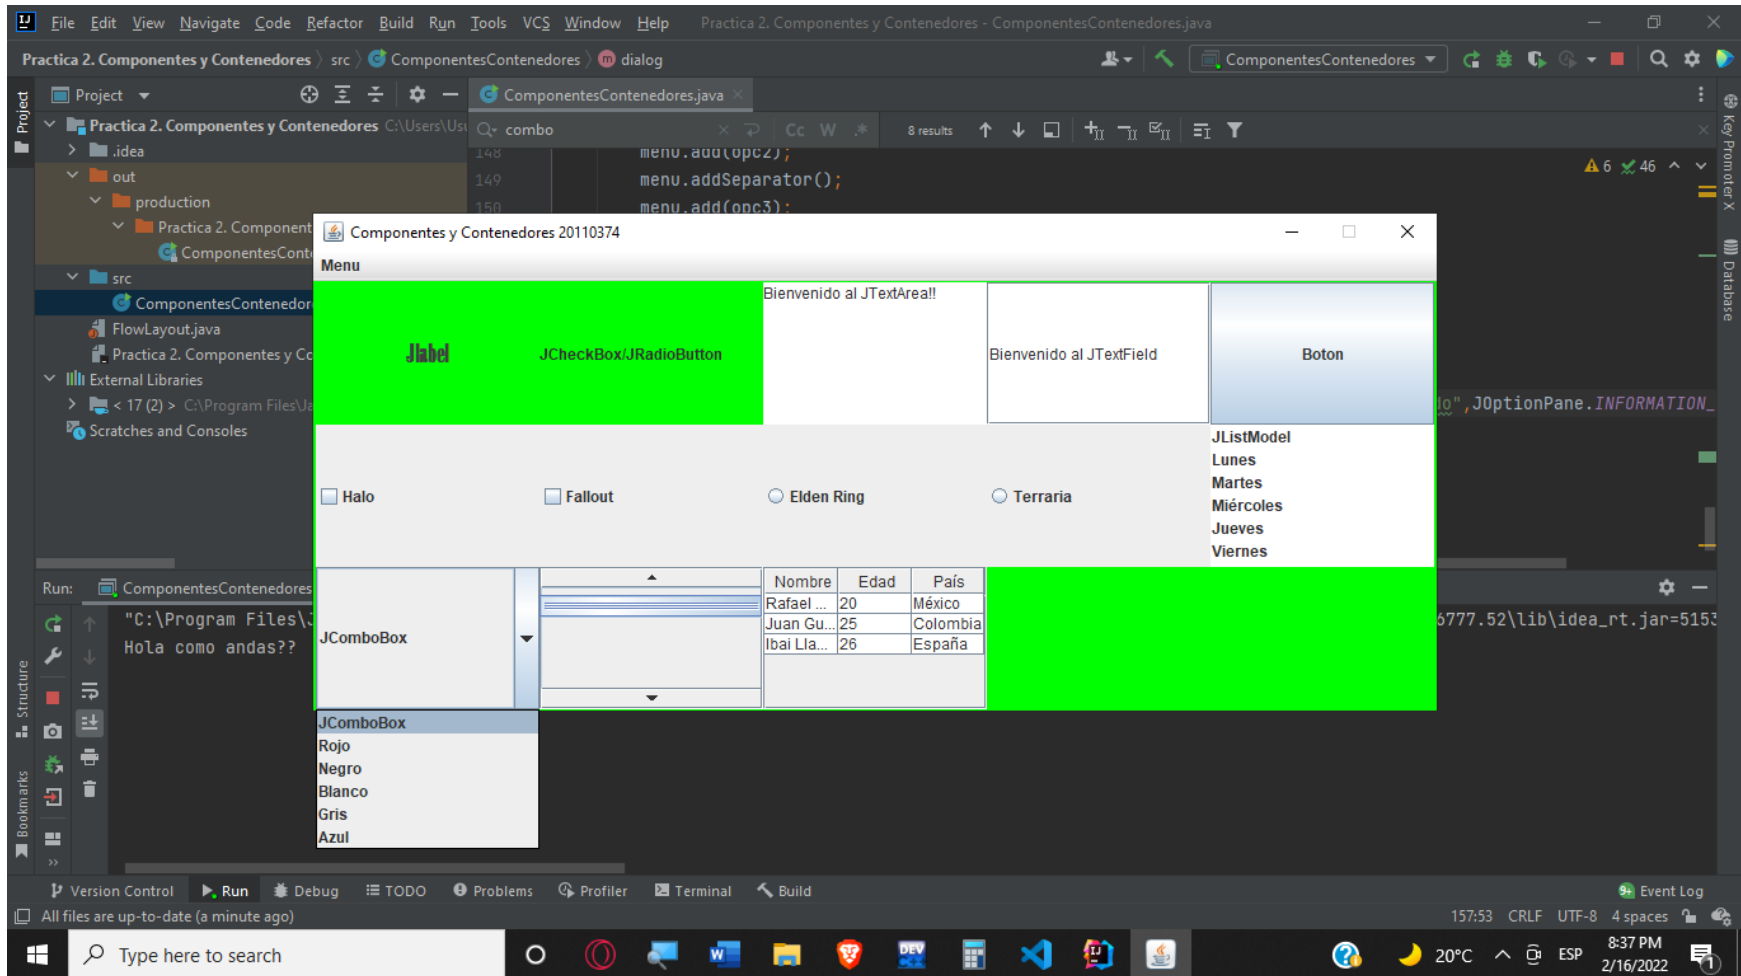

Code snippet from the IDE:

```
private void jComboBox(){
    String colors[] = {"Rojo", "Negro", "Blanco", "Gris", "Azul"};
    JComboBox combo = new JComboBox<>(colors);
    combo.setBounds(x: 0, y: 200, width: 100, height: 20);
}
```

GUI Components:

- Menu
- Nombre, Edad, País
- Rafael Ruiz, 20, México
- Juan Guarnizo, 25, Colombia
- Albai Llanos, 26, España
- JCheckBox/JRadioButton: Halo, Fallout, Elden Ring, Terraria
- Bienvenido al JTextArea
- Bienvenido al JTextField
- Boton
- JListModel: Lunes, Martes, Miércoles, Jueves, Viernes
- Saludo dialog: BorderLayout

GridLayout
